# OPINION OF THE REPRESENTATIVE OF THE MUNICIPALITY

*Jēkabpils Municipality is the economic powerhouse of Zemgale Region, with 3034 active and successful enterprises already providing jobs for its population. The number of enterprises per 1000 inhabitants is higher than the average for other municipalities in the region. The location and resources available in Jēkabpils Municipality allow for the development of entrepreneurship in sectors such as the food industry, logging, wood processing, production of building materials, construction and many others. The beautiful nature and the wide range of recreational opportunities make Jēkabpils Municipality a popular tourist destination. Jēkabpils is a family-friendly region with accessible education, sports, culture, art, music, new and modern technologies and recreational infrastructure. The municipality provides meals for children of needy, large and low-income families in pre-school educational institutions and elementary schools. School buses take children to and from school.*
